He has much to say about his situation and is seeking support for addressing contamination of private wells at Hinkley. I would call only if he has already reached out to you.

Corine, if you took care of it then Sean doesn't need to call him. The request was to EPA. Your thoughts?

Thanks,

Kurt Souza

Kurt and Sean,

I heard back from Corine that she and Bruce Macler have also been in contact w/him. I would suggest that you first check in w/Corine to ensure we're consistent on any messaging. I'm cc'ing Corine.

Sean, why don't you give him a call and answer his question. Tell him you got his request from EPA.

Thanks,

Kurt Souza

I have not had any contact with him recently. I think I have read his name on emails from the regional board in the past and may have met him at a community meeting out there several years ago.

Hello Kurt,

Below is an inquiry regarding private wells. I understand this person lives in or near Hinkley. I'm wondering whether any of your folks have been contacted by this person and if so whether DDW provided a response to his question below. If CA has not responded, I'd like to refer this person to DDW, as CA is the primacy agency. Please let me know what you think and I'd be happy to discuss this w/you further. Thanks.
